

B Jurist – 500 000 straws of semen

February 26th B Jurist reached the 500 000 straws of produced semen. B Jurist is now 13 years old and the oldest bull in the barns of VikingGenetics in Sweden. B Jurist is one of the most popular bulls ever, on the domestic market as well as the export market. He has been used in 126 000 AI in Sweden and 285 000 straws of semen are exported to 58 different countries. He is still the second most popular bull on international Swedish Red sales, with 28 000 straws sold 2008. His popularity is no surprise – his daughters perform excellent in large herds all over the world and he is a truly reliable bull. He ranks high in different red populations around the world and for example B Jurist is #2 on LPI in Canada, after his brother Peterslund.

B Jurist originates from a fantastic cow family, the average life time production of dam, grand dam and great grand dam is 112 000 kg milk. B Jurist great grand dam 386 Junis is the record keeping Swedish cow for lifetime production – 164 827 kg. The breeder of this outstanding bull is Botans Lantbruks AB, Vikarbyn.
